

Lucas Ribeiro

Front-end Engineer

EXPERIENCE

Senior Front-end Engineer

Alliança

Jan 2022 - Present - 2 years, remote

I was involved in projects from conception to delivery, developing customized forms for patients to request exams and creating a scheduling platform for call center agents.

Front-end Engineer

Mobly

May 2021 - Dec 2021 - 7 months, remote

I was responsible for the creation and implementation of a website for an innovative project focused on interactive kiosks designed for selling furniture.

Front-end Engineer

BBL e-SPORTS

Sep 2019 - May 2021 - 1 year, in person

Built responsive landing pages, registration forms, and real-time result displays for e-sports tournaments, enhancing user experience and live event interfaces.

Junior Front-end Engineer

Pravy

May 2018 - Sep 2019 - 1 year, in person

Developed email marketing campaigns, managed shopping center websites, and created optimized landing pages to enhance conversions and user engagement.
